Finding Your College Costs, Grade 11: Student Pretest/Posttest

Objective: Students will complete the lesson titled Finding Your College Costs in order to identify the documents needed to complete a financial aid application and learn how to estimate the Net Price of college.

Pretest

Respond to the following questions prior to completing the Finding Your College Costs lesson on CaliforniaColleges.edu.

1. The Cost of Attendance (COA) refers to the full price of college including which of the following costs?
 - Tuition and fees
 - Books and supplies
 - Food and housing
 - Transportation
 - Personal expenses
 - All of the above
2. What is the Net Price of college?
 - The amount of money you receive from scholarships for college
 - The amount of money you will have to pay out of pocket for college each year
 - The amount of money you are loaned for college
 - The amount of money you receive from FAFSA or CADAA
3. Which of the following is most important to consider when reviewing your college options?
 - Cost of Attendance
 - Net Price
4. What factors do colleges consider when determining how much financial aid you will receive?
 - Your personal circumstances
 - Your information on the FAFSA or CADAA
 - The federal and state aid you qualify for
 - The college's financial aid policies
 - All of the above
5. What information will you need to gather from your parents/guardians in order to determine your Net Price for a college?
 - Income information (W-2 or recent paycheck stubs)
 - Tax information (IRS Form 1040)
 - Cash, savings, and checking account balances
 - Information about other assets, like investments and real estate
 - All of the above

Posttest
