- All courses included in the “**Courses that are Verified as A-G**” section **will import** from CaliforniaColleges.edu into Cal State Apply with the A-G Subject area pre-populated. These courses are indicated with a green checkmark or red exclamation point icon in CaliforniaColleges.edu.
- All courses included in the “**Courses that are not verified as A-G**” section **will require action** to be successfully included in your Cal State Apply application. These courses are indicated by a yellow exclamation point icon in CaliforniaColleges.edu.
 - Courses where you see CMP Mismatch fully spelled out will import, but require A-G Matching.
 - All other courses in this section will require manual entry, then A-G Matching, if they are to be included in your application.

The **CSU Application Info** tab from **CaliforniaColleges.edu**, which you can also print, is useful in identifying key areas of coursework review and related guidance from the CSU.

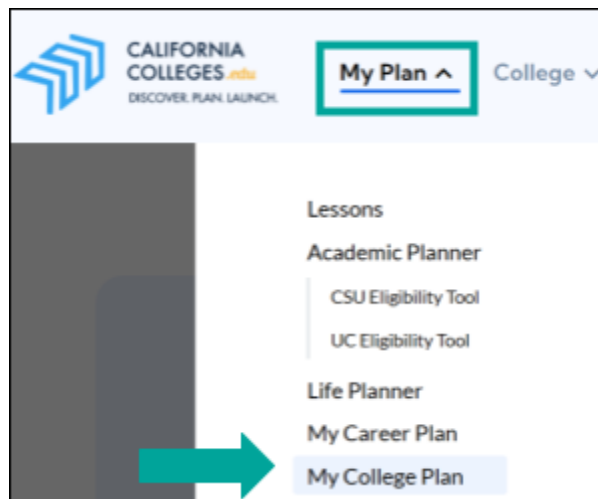

5. Ensure that any College Credit and/or Dual Enrollment courses that you have taken are included only in the **College Coursework** section of the application. You will need to manually add the **Colleges Attended** first.
6. In the **A-G Matching** tab, click **Updated Courses** and ensure all courses that are part of your application have an A-G subject area assigned.
7. **Closely review all courses before you submit your application!**
